# HOMESCHOOL

- Developed a passion for learning and being self-taught
- Successfully pooled resources to my advantage
- Helped school younger siblings
- Created my own lesson plans throughout high school

# RANCHWORK

- I've worked with young horses to build trust, communication and confidence for a solid working horse foundation, learning and adapting my own skills along the way.
- I started and ran my own business in 2013 raising and running sheep for four years.
- I've worked for ranchers who gave me solo responsibility to care of livestock morning and night.

# MERIDIAN TECHNOLOGY CENTER

- Created data programs using excel software which made experiments more efficient
- Developed lab procedures and experiments which were used by peers

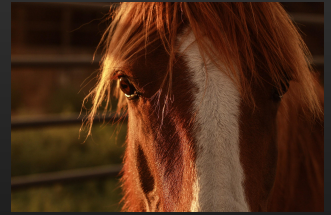

# CREATING LASTING EFFICIENCY

- Created several SOPs using Microsoft Excel and Word which allowed employees to enter data efficiently and effectively
- Added valuable website content working as a copywriter at FCI. ([Website](#))

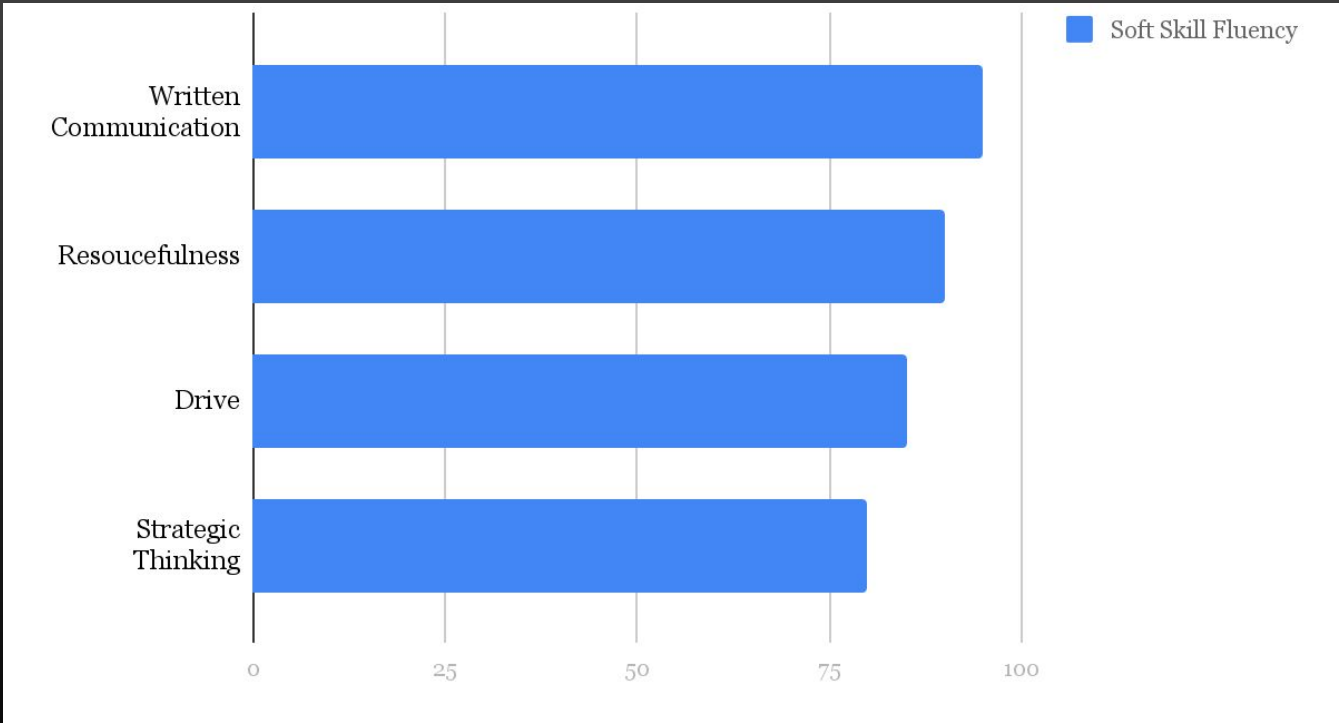

# PHOTOGRAPHY

There's not much I can say that would convince you of my photography skills, so I'll show you instead:

# SOFT SKILLS

# ENDORSEMENTS

*“Sarah has spent the summer with us helping out on our Ranch and photography business. She is responsible, respectful and open to learning new things. She will be a great asset in any environment.”*

-Sommer Strain (Strain Quarter Horses)

*Second endorsement coming soon*

# I WANT TO USE MY SKILLS TO ADD VALUE TO YOUR COMPANY

VALUE I CAN ADD WITHIN THE FIRST 90 DAYS:

- Building and optimizing systems to increase employees' productivity
- Create impactful and engaging website and blog content
- Provide professional marketing and promotional photography
